

KAMALI C

QA ENGINEER | MANUAL & VR TESTING | TESTRAIL, SELENIUM, POSTMAN

: kamalilathasekar@gmail.com

: <https://www.linkedin.com/in/kamali06/>

: <http://ckamali.github.io>

SUMMARY

Results-driven Software Tester with experience in functional, regression, and VR testing. Adept at using tools like TestRail for test management and Selenium for basic automation tasks. Skilled in handling Oculus VR devices for immersive application testing, including setup, validation, and issue reporting.

TECHNICAL SKILLS

Manual Testing	Cucumber - Testing	Testcase Execution
Selenium	Postman API	Adhoc Testing
TestNG Framework	Communication and Collaboration	JAVA Basic

PROFESSIONAL EXPERIENCE

META, Hexaware Technologies.

Aug 2023 - Present

- Executed 3000+ manual test cases for VR and web applications using TestRail and Excel.
 - Reported and tracked 150+ defects in collaboration with developers, ensuring timely resolution.
 - Performed regression and smoke testing during weekly sprints, reducing production issues by 30%.
 - Conducted device testing using Oculus VR, validating immersive app features for stability and performance.
 - Practiced basic Selenium automation for web UI testing in learning projects.
 - Contributed to the RL Horizon Worlds (Metaverse) project, collaborating with Meta on new feature testing.
 - Performed exploratory and scenario-based testing in a virtual 3D environment to validate immersive experiences.
 - Worked closely with developers and product teams to identify, report, and verify bugs and usability issues.
-

EDUCATION

Bachelor of Electronics and Communication Engineering

July 2019 - April 2023

- Excel Engineering College - 8.6 CGPA
-
